Principal Investigator:

Application Form (1)

1. Previous Research and Background
2. Research Objectives and Significance
3. Interdisciplinary Nature of the Research and Need for Resource Use
4. Research Plan
5. Items Requiring Cooperation from Research Groups or Researchers at the 8 Centers to Promote Joint Research

6. Protection of Human Rights and Compliance with Laws and Regulations
7. Other

8. Major Recent Publications and Other Research Outputs Related to This Research

- Example: P. Researcher, J. S. Bach, R. Center, W. Mozart, "Computer Simulation of Classical Music" , IEEE Access, vol. 4, Apr. 2025, pp. 101-200.

Basis for Resource Allocation Estimates and Purpose of Use

Note: Of the following three options, retain only the one that applies and delete the other two (see Section 9.2 of the Application Guidelines).

Scope of Required Resource Allocation Estimates

A) Describe only the Purpose of Use. Do not provide the Basis for Resource Allocation Estimates.

B) Describe the Purpose of Use and the Basis for Resource Allocation Estimates for all resources you plan to use.

C) Describe the Purpose of Use and the Basis for Resource Allocation Estimates for the HPCI Resources you plan to use.

Computing Resource Name (Providing Center):

Purpose of Use:

Basis for Resource Allocation Estimates:
